ARTWORK & FILE GUIDELINES

Demers Expo will provide you with the best possible quality graphics for your event or exhibit. You can assist us in that effort by providing digital art files using the guidelines listed below. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer. The two overall considerations for submitting acceptable artwork includes: proper resolution or size of the file to avoid poor quality images, and proper color matching information and proofs to ensure accurate color reproduction.

PREFERRED SOFTWARE AND FILE FORMATS

We are capable of working with both PC and MAC based software, and can accept art created with the following software programs:

- ADOBE—Illustrator, InDesign, and Photoshop
- COREL DRAW

The following files can be submitted for graphic reproduction:

- EPS and AI
- TIF
- PDF
- JPG

Vector formats are best to use.

When using vector based formats, include all fonts, or convert fonts to outlines or paths.

File types that **cannot** be used to reproduce high quality graphics include:

- GIF
- Microsoft Office software files such as Word (.doc), or PowerPoint (.ppt)
- Self-extracting files, such as EXE or SEA files

HOW TO SEND ARTWORK

- Artwork files that are of acceptable resolution as listed above will typically be too large to send via email. Files may be saved and sent via overnight delivery on either a CD-ROM or a DVD, along with the hard-printed proof copy (floppy disks and zip drives are not a good option for sending large graphics files).
- Files may also be posted to DES-DEMERS FTP site. You may get the password and other needed information from your DES service representative in order to post files. However, a hard copy proof and back-up of the files on CD-Rom/DVD, while not necessary, are requested for our convenience. Please call (860) 882.0003.
- If your artwork files are below 6 megabytes, they can be e-mailed to info@demersexpo.com.
